Trivia Challenge

What was the first production V12, as well as the first production car with aluminum pistons?

President's Message

February was a month to remember with the weather breaking records for both highs and lows. Maybe now it will level out and we can enjoy getting our cars out for a drive.

There are events on Mid-America's schedule that everyone will enjoy - don't miss them! When you go to your neighborhood show or cruise remember to have membership applications on hand. (Suggestion: I always give past issues of Antique Auto magazine.)

Mark your calendar for our events, see you there.

Bonnie

Club members, please note:

There will be a Celebration of Life for Marsha Norman. It will be on Wednesday, March 27th from 2 to 4pm at the:

Old Mission United Methodist Church

If you want to make a donation in her name, donations are suggested to the American Stroke Foundation or charity of your choice.

Tom's address, if you care to send a sympathy card is:
8415 W. 88th Terrace

Ron was recently elected to the National Board of Directors of AACA as VP of National Marketing and assistant VP to the Mid-West Region.

On March 9th, Sharon Cygan, sent out an email with the address for Ron Jury's garage. If you do not have the address information, contact any Board member. This will be a great tour!

February Club Meeting

At the February 18, member meeting the guest speaker was Steve Watts, Automotive Administration Coordinator of the Longview Community College Auto Technology Program. This program is accredited by the Automotive Service Excellence Education Foundation at the MAST (Master Automotive Service Technical) level.

Training and testing equipment is state of the art, and they have a new program for Collision Repair with a new paint booth.

The Ford ASSET (Automotive Student Service Educational Training) program is for those interested in a career at a Ford at Lincoln dealership.

The General Motors ASEP (Automotive Service Educational Program) is for those interested in a path to a GM dealership or AC-Delco service center.

The students enrolled in either of these programs are sponsored by Ford or GM dealerships with the prospect of employment.

This was both an interesting and informative presentation. Every year LVMCC has a tour of the facility with a car show which last year Mid-America participated and several of our members received awards. For 2024 the date has not been announced, but we look forward to being there again.

Thank you, Steve

Members Recommend Car Repair Shops

Many of you have mechanics, upholsterers, suppliers, restorers, detailers, etc. whom you trust and would recommend as a source for members. At a member meeting, several of you said that it would be most helpful if these trusted sources were listed in *The Generator*. So, here is a start:

Martie & Jon Kernodle recommend:

Santa Fe Garage
407 West Lexington
Independence, MO 64050
816-977-1020
greg@santafegarage.com
Billie and Greg, owners

Did work on our 1960 Metropolitan. Works on classics and others. Great couple. Reasonable, outstanding work.

Billie handles phone and office, while Greg, her husband, does the work with garage staff.

Absolute Upholstery
3011 M 291 Frontage Rd
Independence, MO 64057
816-694-9936
Ricky Jones, owner

Great upholstery job on headliner of 60 Metro. He does a lot of classic cars, boats, but not furniture.

Grisham Auto Service
4001 Prather Road
Kansas City, MO 64166
816-455-5800
Tim Grisham, owner

Tim is owner. Has worked on our 1957 and 1966 T-Birds. Honest, fair, reasonable, great work—in the Northland

Bonnie & Bill Johnson recommend:

Tommy's Custom Interiors
1308 South Cedar Ave.
Independence, MO 64052
816-226-0654
Tommy, owner

Tommy worked on Danny Johnson's Jeep and his 1968 Mustang

Steve Hartwich recommends:

AA Wheel & Truck Supply
717 E 16th Ave
NKC MO 64116
816-221-9556

For the DIY mechanic this place takes care of your old car brake and brake drum needs. They also rebuild water pumps. **Call and talk to Denny.** *This is not a shop where you take your car.* You take the parts there and they do the machine work like relining old brake shoes, turning brake drums and arcing the shoes to the drums. No one in KC does this anymore but it's highly effective and successful for safe brake operation.

Please email me your recommendations—editormidamerica@gmail.com

Thank you,

***Denotes new recommendation**
