Trivia Challenge

What is the year and make of this beauty?

President's Message

Leading into the last month of 2023, I was looking back through the monthly Generators and thought "we have had a good year,"

The scheduling of interesting attraction at monthly meetings and also monthly events do not just happen! Your board is constantly seeking ideas and all members are urged to submit suggestions.

Speaking of the board, it appears we have done a pretty good job if re-electing the standing officers is a reflection as there was no change in positions.

See you at the Christmas Party, Dec. 17, and stay happy and healthy.

Bonnie

Veterans Celebrate

Fred and Toni Hall, their nephew Russ and Jerry and Sharon Cygan celebrated the Salute to Veterans Week in Branson earlier this month. It was a week of fun activities and much recognition of the Veterans. Truly was a good time and fun for the five of us to be together.

One of the shows honoring Veterans

At the November 20th Chief's game they had a Veteran Recognition at half time. Three Red Coaters, including Jerry Cygan, and 3 of the Chief's employees were recognized for their service in Vietnam. It was truly a beautiful ceremony.

Your Classic Ride Clean-Up Party

On Saturday, November 18, a hard-working crew of Mid-America members did a "house cleaning" at Your Classic Ride.

Furniture was moved away from the walls, and the areas vacuumed. The window ledge was washed and polished, all memorabilia was cleaned, then the windows were washed. Tables were washed and either finished with Behold or Windex. The plants were trimmed (some eliminated) and treated with Miracle Grow. The kitchen was deep cleaned and finally ALL floors were mopped by an experienced worker. Supplies were provided by Tom.

The Lumi Neon Museum

Steve Hartwich, Mid-America AACA member, recently participated in the rescue of this mid-century modern classic neon sign. The sign, just east of the corner of Wornall Road and Gregory Blvd in south Kansas City was at that corner and previously 4-5 other locations.

Bob Smith operated a used car lot starting in late 1958 until his death in 2019 as Bob Smith Motor Company. Steve belongs to the group called The Lumi Neon Museum. Lumi will have a presence at the Pennway Point entertainment venue where you may have recently noticed a giant ferris wheel being constructed. Pennway Point is located on West Pennway St diagonally across from the IRS Campus near the Crossroads district. Lumi's space at Pennway Point will be called Neon Alley. Neon Alley will be located outside, between two former industrial-use buildings that are now being rehabbed into a variety of businesses like restaurants and a brew pub. There will also be retail space, miniature golf, two performance stages, beach volleyball, a sports lounge and other family-friendly spaces.

There will be about 60 locally sourced vintage signs placed on both sides of Neon Alley and inside some of the buildings at Pennway Point during the first quarter of 2024. The Lumi Neon Museum was founded by President Nick Vedros, a nationally recognized professional photographer based here in Kansas City. Nick's passion for neon signs fueled his decision to start the non-profit Lumi Neon Museum in 2017. Since then, Nick and his team have rescued 86 signs and restored over 50. Lumi's Board members and supporters are very excited about the 2024 opening of Neon Alley. Steve will let club members know when that date is firmed up.

Carhenge, Alliance, Nebraska

Did you know?

When Nebraska-born geologist Jim Reinders noticed that the proportions of the car models of the 1950s and 1960s were roughly on the same scale as the stones that make up England's Stonehenge, he began to stock-pile vintage cars with an artistic purpose.

In 1987, Reinders erected a replica of Stonehenge, constructed from 38 cars, some upended with others balanced atop, like the dolmens of the original prehistoric site, and arranged them in an incomplete circle with the same 96-foot diameter. The vehicles were painted a flat grey to resemble stones (and to stop rust), but there's no denying that the raw materials used in the sculpture were originally cars.

Trivia Challenge Answered

Packard had a great run in the first half of the 20th century. Packard built several awesome cars before going out of business in 1954, and the 1941 Packard Super Eight 180 is among the best.

Features

State-of-the-art creature comforts are Packard's inventive contribution to automotive advancement. Driving the 1941 Packard Super Eight 180 was easy thanks to an Electromatic Drive, an early automatic transmission. This beautiful-looking automobile was the first to debut power windows. Air conditioning was also on board to keep cool. The automatic windows used a button-operated hydroelectric lift design. It even had a central privacy partition window. Packard identified the Super Eight as a "sedan limousine" since it could work either way.

This and That

Just for laughs!

A man is driving his car along a desert road, when the car suddenly stops for no apparent reason...

The man has the hood up and is looking at the engine, when he hears a voice behind him say...

"It's your carburetor. If you clean it, the car will start."

He looks around, but there is not a soul in sight in either direction...

Then, he notices a white horse with its head over the pasture fence next to the road.

The horse looks at him and again says, "It's your carburetor. If you clean it, the car will start."

The man does as he is told...

He removes the carburetor and knocks it against his foot.

Sure enough, a little dirt rolls out and falls into the middle of the road...

He gets back into the car, and it starts immediately.

He rolls down the window, and says to the horse, "Thank You."

"Oh, you're very welcome," replies the horse.

The man keeps driving until he reaches the first bar he can find...

He gets out, goes into the bar, and starts downing drinks one after the other.

Overcome with curiosity, the bartender finally comes over and asks the man if anything is wrong...

"Yeah, but you'd never believe me if I told you," replies the man.

"Try me," says the bartender.

"Well, my car stopped on down the road."

"I had the hood up, and I was trying to figure out what was wrong..."

"When suddenly I heard this voice behind me telling me that the carburetor was dirty."

"I looked up and down the road, but there was no one in sight..."

"Then, I noticed a white horse with his head over the fence."

"It turned out that the horse was actually doing the speaking..."

"It was the most amazing thing I've ever seen!"

"Well, you got lucky," says the bartender.

"Lucky? I met a talking white horse, and you say I got lucky?!" asks the man.

"Yeah, you got lucky you met the white horse," answers the bartender...

"There's also a black horse in that pasture..."

"And he doesn't know %#@! about cars."

At meetings and special events, when we have brought food to share, the one thing we know is that we have some fabulous cooks. So this new page has been added based on member requests,

PLEASE send recipes to your editor to share.

Tammy Suddeth's Broccoli Beef

Ingredients

1 lb flank steak, cut into thin strips
1/2 tsp ground white pepper
1/2 cup low sodium soy sauce
1 tbl brown sugar
5 cloves garlic, minced
1 one-inch piece fresh ginger, peeled and grated
1 tbl cornstarch, optional
1 tbl sesame oil
1/2 yellow onion, sliced
1 large head broccoli, cut into florets and blanched
cooked rice or cauliflower rice, for serving
1 tbl toasted sesame seeds
3 scallions, sliced on the bias

Instructions

Step 1

Season the beef with white pepper

Step 2

In a small bowl, whisk together the soy sauce, brown sugar, garlic, ginger and cornstarch, if using. Set aside.

Step 3

In a large nonstick skillet over high heat, warm 1/2 tbl of sesame oil until just smoking. Add the beef and cook, stirring occasionally, until the meat is just about cooked through. Transfer to a plate and set aside.

Step 4

Add the remaining 1/2 tbl of oil to the skillet, then add the onions and cook until they are softened about 8 minutes. Add the blanched and drained broccoli and cook for 1 minute. Add the reserved sauce and stir to coat.

Step 3

Return beef to skillet and continue to cook until the beef is cooked through and the sauce has reduced slightly, about 3 minutes more.

Step 4

Transfer to serving plates over rice. Sprinkle with sesame seeds and scallions.

Martie Kernodle's Hard Shell Chocolate Candy for Ice Cream

Ingredients

2 cups semisweet chocolate chips
2/3 cup coconut oil

Instructions

Step 1

Combine chocolate chips and coconut oil in a microwave-safe bowl; heat in the microwave in 30-second intervals, mixing well each time, until the mixture is smooth, 1 to 2 minutes.

It takes about 1 minute of stirring until they fully mix together. Store at room temperature in an airtight container

Members Recommend Car Repair Shops

Many of you have mechanics, upholsterers, suppliers, restorers, detailers, etc. whom you trust and would recommend as a source for members. At a member meeting, several of you said that it would be most helpful if these trusted sources were listed in *The Generator*. So, here is a start:

Martie & Jon Kernodle recommend:

Santa Fe Garage

407 West Lexington
Independence, MO 64050
816-977-1020
greg@santafegarage.com
Billie and Greg, owners

Did work on our 1960 Metropolitan. Works on classics and others. Great couple. Reasonable, outstanding work.

Billie handles phone and office, while Greg, her husband, does the work with garage staff.

Absolute Upholstery

3011 M 291 Frontage Rd
Independence, MO 64057
816-694-9936
Ricky Jones, owner

Great upholstery job on headliner of 60 Metro. He does a lot of classic cars, boats, but not furniture.

Grisham Auto Service

4001 Prather Road
Kansas City, MO 64166
816-455-5800
Tim Grisham, owner

Tim is owner. Has worked on our 1957 and 1966 T-Birds. Honest, fair, reasonable, great work—in the Northland

Bonnie & Bill Johnson recommend:

Tommy's Custom Interiors

1308 South Cedar Ave.
Independence, MO 64052
816-226-0654
Tommy, owner

Tommy worked on Danny Johnson's Jeep and his 1968 Mustang

Steve Hartwich recommends:

AA Wheel & Truck Supply

717 E 16th Ave
NKC MO 64116
816-221-9556

For the DIY mechanic this place takes care of your old car brake and brake drum needs. They also rebuild water pumps. **Call and talk to Denny.** *This is not a shop where you take your car.* You take the parts there and they do the machine work like relining old brake shoes, turning brake drums and arcing the shoes to the drums. No one in KC does this anymore but it's highly effective and successful for safe brake operation.

Please email me your recommendations—editormidamerica@gmail.com

Thank you,

***Denotes new recommendation**
